

Customizability:

- Audio notifications (Medium amount of TIME)
- Themes, more than one (Lot of TIME) 1
-

Change accessibility:

- 100% HTML valid - Change inputs to span/labels
- Keyboard shortcuts
- Mobile integration

Usability

- Any bugs noticed or found
- Timer's throttle bug (IMPORTANT)
- Finish task button → jump to next task
 - BreakPrompt.js
 - Want button to stay after finishing 1 task
- Background notifications
- Pages are intuitive to use
- Update instructions modal

Maintainability

- Onboarding docs 1
- Code cleanliness

Pairs For pair programming this sprint (DUE FRIDAY)

- High priority:
 - Mobile integration - Meshach Steven
 - End to end testing/unit testing - Chris Mark
 - Finish Task Button - Xingyu Alan
 - Onboarding Documentation Edits - Meshach Liam
 - Timer's Throttle bug - Chris Luke
 - Background Notifications - Luke Alan
 - 100% HTML Valid/cleaning up code quality warnings - Liam Xingyu
- Medium priority
 - Keyboard shortcuts - Liam Luke
 -
- Luke, Xingyu, Alan (steven)

1.0 to look like

- Timer's throttle bug (IMPORTANT)
 - Can message Sanat after doing research

- Mobile integration
 - Navigation buttons
 - Performance
- End to end testing
- Any bugs noticed or found
- Finish Task Button
- Onboarding documentation edits (updates in instructions modal)

Plans for this sprint

- Send PRs in frontend
- Ask if anyone else needs help when done
- Then look for new issues

Video planning

- *If included* Previous project - Liam
- What we have done - Xingyu, Steven, Chris (Time 2.5 minutes)
 - Modals
 - Title changes
 - PWA
 - Finish task button
 - End session button
 - Mention small performance enhancements
- CI/CD pipeline demo - Mark Alan (Time 1 minute) *1.5*
 - Look at diagram and explain it
 - Name End to end testing
- What we plan to do - Luke Mesa *Liam* (Time 2 minutes)
 - Current Sprint
 - Look through major issues and talk about major ones
 - If time smaller issues we want to include (no guarantee)

Submit videos by 10 am tomorrow (pending Sanat)

No more design meetings on Tuesday
